To Whom It May Concern:

It is with great excitement I write this letter of support for the Black Mountain Group. They have proposed one of the largest master plan projects the City has experienced in the last 20 years. The City of Haines City is one of the fastest growing communities in Central Florida and we have truly become the desired destination to live, work, play, learn and raise a family.

As the Mayor of Haines City, and the former Police Chief, I am extremely mindful of what this type of project would bring to our community. This past year, we have had great successes with the opening of the Carvana Distribution Center, annexation of our city limits towards I-4, improvement of our park space, population increases and more industrial partners coming to our area. This type of project will be quintessential to the forward movement already taking place in our city and build upon the partnership we already have with members of the Black Mountain Group team.

If you would like to speak with me personally to further expand on this letter of support, please feel free to contact me at the number listed above.

Sincerely,

Morris L. West
Mayor/Commissioner

OUR MISSION

"Our team of professionals will provide our residents and business community with the highest quality services in a fiscally responsible manner through cooperation, strong ethical leadership with a lifelong commitment to enriching lives."
